

2017 – 2018

# Madame Hannam's Core French Class

Great Village Elementary School  
Great Village, NS

Dear Parents/Guardians,

Welcome back to another school year! I hope it will be fun and truly educational. I am really looking forward to working with your child to make learning French a great experience.

The following is some information about the course and my expectations to help him/her have a successful year in my classroom.

## Supplies

Your child will use a 3-hole duotang for French class. This will remain in the classroom. He/she must always come to class prepared, which most days includes just a pencil/pen, but I will let him/her know in advance if coloured pencils etc. are required.

## Course Content

Core French is about developing the basic skills of speaking, listening and reading the French language.

The development of **oral language skills** is the main focus, which in turn, lends itself to the development of the reading and writing skills.

The course outcomes are learned through this approach and includes a variety of activities and assignments based on major themes.

Mrs. R. Hannam: hannamrb@ccrsb.ca

**The following is a list of topics that may be covered this year:**

- All about me
- Classroom "survival"
- Aspects of French Culture
- Animals (wild and/or domestic)
- Sports
- Friendship
- Technology

## Evaluation

Throughout the year, there will be a large variety of activities in order to properly develop and assess your child's level of achievement of the curriculum outcomes covered each term.

As a result, **active participation** and completion of class work will play an important role in your child's success in Core French.
